

RAJACHANDRA THATIPELLI

Senior Software Engineer.

Exp. : 7+ years.
Email : rajtrc@gmail.com
Mobile : 9949426252.
Address : #202, Plot No 892,
Shirdi Sai Grandeur,
Sri ram nagar Colony, Kondapur,
Hyderabad, Pin Code: 500084.

TECHNOLOGIES

ASP.NET MVC, ASP.NET Core,
ASP.NET Web Forms, Web API,
OOPs, C#, ADO.NET, Angular JS,
jQuery, Windows Phone 8, Windows
10 UWP, XAML, LINQ, SQL Server,
Web Services, HTML, JavaScript, CSS,
Entity Framework.

EDUCATION

- B-Tech C.S.E from KITS Warangal (Kakatiya University 2004-2008) with 61.5%.
- Intermediate from Board of Intermediate Education (2002-2004) with 83.5%.
- SSC from Board of Secondary Education (2002) with 85.5%.

ACHIEVEMENTS

- Received "**Star Performer Award**" in the year 2013, Last Quarter from ValueLabs.
- Received "**Team Excellence**" award for performance excellence in the year 2013 from Swayam InfoLogic.

OPEN SOURCE CONTRIBUTIONS

GitHub -
<https://github.com/rajachandra-thatipelli>

Please have a look at my GitHub repository, where I try spending time on coding: HTML, CSS, Bootstrap, Design Patterns, ASP.NET MVC & Web API with Angular JS, Entity Framework6.

CAREER OBJECTIVE

Seeking a challenging position as **.Net** Programmer in a growth oriented organization where my technical skills, knowledge and practical experience are utilized to improve business functionality and achieve target growth.

SUMMARY

- Having 7+ years of experience in the software industry in various phases of Software Development Lifecycle (SDLC) and Agile methodologies such as Analysis, Design, Development, Testing, Deployment and Maintenance in various domains.
- Gathering requirements from PO, updating requirement documents.
- Passionate about learning new technologies quickly and rapidly.
- Extensive experience with Asp.Net MVC, Asp.Net, ADO.NET, Angular JS, C#, jQuery, LINQ, Entity Framework SQL Server.
- Good knowledge in Object-oriented programming (OOPs), Web Services, WCF, HTML, JavaScript, CSS.

Swayam InfoLogic. - (Software Engineer)

May 2011 – July 2013 (2 year 2 months), Hyderabad, India

Involved in product development for a customer using Asp.Net Web Forms, ASP.Net, jQuery, C#, SQL Server, Web Services, and Entity Framework.

Globe WebSoft. - (Trainee)

Jan 2010 – May 2011 (1 year 5 months), Hyderabad, India

Involved in product development for a customer using Asp.Net Web Forms, C#, SQL Server.

PROJECT DETAILS

BLUEFLOCK

Description: BlueFlock is a real-time collaboration app that enables teams to collaborate on tasks and manage projects from the comfort of their smartphones.

Stack:

C#.Net,
Windows Phone 8,
Windows 10 UWP,
XAML.

Role: Design, Development, Implementation, Code Reviews and Gathering Requirements from PO.

Responsibilities:

- Taking complete ownership of new features on various modules of the product.
- Mentored newly joined and other team members for quick ramp up and quality delivery.

ASR PRO

Description: ASR Pro website is being developed in India for iPads and desktops, based on the existing application. The existing ASR Pro system is a service department management system designed to improve and increase sales capabilities within the service and parts departments. 'ASR Pro' dealerships will be able to book appointments for repairs for customer cars in addition to the management capabilities currently available.

Stack:

Asp.Net MVC,
Angular JS
C#.NET, LINQ,
HTML, JQuery,
JavaScript, SQL
Server, Web API,
Entity Framework.

Role: Design, Development and Implementation

Responsibilities:

- Developing new enhancements of this application as per client requirements.
- Involved in analysis, design and coding.
- Bug fixing against the module.
- Involved in writing unit test cases to verify the functionality of the web module.
- Involved in daily SCRUM meetings and client interaction regarding status updates

CARBON DASHBOARD

Description: Carbon Dashboard of DHL Global Forwarding and DHL Freight (DGFF) is a tool to visualize carbon emissions over full supply chain by processing data from DHL and 3rd parties (if data provided), enabling you to view Carbon Footprint, track impact of carbon initiatives.

Stack:

C#.NET, Asp.Net
MVC, Angular JS
C#.NET, LINQ,
HTML, JQuery,
JavaScript, SQL
Server, Entity
Framework

As part of its GOGREEN policy DHL will measure the CO2 emissions generated during the transportation and handling of customers' shipments.

Role: Development

Responsibilities:

- Involved in analysis, design and coding.
- Bug fixing against the module.
- Designing database as per requirements.

Date of Birth : 17/08/1987.
Language's known : English, Telugu and Hindi.
Marital status : Married.
